SHARE PURCHASE PLAN DEFERRAL

NOVONIX Limited (ASX:NVX) (NOVONIX or "the Company") announced on 26 February 2021 that it had completed the A\$115m placement of new fully paid ordinary shares to institutional and sophisticated investors (**Institutional Placement**), which was announced by NOVONIX on 25 February 2021.

NOVONIX also announced on 25 February 2021 that it would offer eligible shareholders the opportunity to acquire additional shares under a Share Purchase Plan (**SPP**).

Following significant fluctuation in the NOVONIX share price since the announcement of the SPP, the NOVONIX Board has determined that it would be in the interests of shareholders to defer the SPP until the NOVONIX share price stabilises.

When and if the SPP proceeds, the key terms and conditions will remain unchanged. In particular:

- The record date will continue to be 7:00pm (Sydney time) on Wednesday 24 February 2021.
- The issue price for each share issued under the SPP will be A\$2.90, being the Institutional Placement price.
- The amount sought to be raised under the SPP is still expected to be A\$15m (although depending on the level of demand under the SPP, NOVONIX may decide to scale back applications, or raise an amount higher than A\$15m, in its absolute discretion).

The opening and closing dates for the SPP will change. NOVONIX will let shareholders know these dates once they have been decided.

The Board reserves the right to not proceed with the SPP if it considers it inappropriate to do so.

This announcement has been authorised for release by Tony Bellas, Chairman.
